Grid® Report for Password Manager | Fall 2023 is based off of scores calculated using the G2 Grid® algorithms from reviews collected by August 15, 2023.

★★★★★

"LastPass securely stores all of your online passwords. It's an absolute lifesaver. Before I had it, I would waste hours every day trying to log into sites. Now all I do is open LastPass, and it auto-fills usernames and passwords for me. It's a great tool."

— G2 reviewer

★★★★★

"LastPass allows you to safely and securely store all of your business' passwords for various sites and accounts. We love the password generator, which generates a string of random characters when creating a password to ensure you are not using duplicate or easy to guess passwords for new accounts."
